

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claims 1-49 (canceled).

50. (original) A method of dispensing a substance comprising LCP, said method comprising:

mixing said substance in a first syringe;

transferring said substance from said first syringe to a second syringe, said second syringe having a volume size smaller than the volume size of said first syringe;

decoupling said second syringe from said first syringe so as to permit manipulation of said second syringe; and then

utilizing said second syringe to dispense said LCP.

51. (original) The method as described in claim 50 and further comprising:
dispensing said LCP in a container.

52. (original) The method as described in claim 50 and further comprising:
dispensing said LCP in a well of a well plate.

53. (original) The method as described in claim 50 and further comprising:
dispensing said LCP on a microarray.

54. (original) The method as described in claim 50 and further comprising:
dispensing said LCP in a solution for use in growing a protein crystal.
